

FLEET TO CRUISE AROUND THE WORLD

Battleship Fleet Is Ordered to Make the Journey.

UNIQUE IN NAVAL HISTORY

No Such an Aggregation of Warships Ever Before Attempted Such a Task as That Set for the American Vessels.

Washington, March 14.—Secretary Metcalf announced the future movements of the battleship fleet, now at Magdalena bay, after the cabinet meeting. It will leave San Francisco on July 6 "for our Pacific possessions," as Mr. Metcalf styled it. The vessels will first touch at Hawaii, where they will coal. After that they will go to Samoa, following this up by a visit to Australia, where they will stop at the cities of Melbourne and Sydney, the invitation of the Australian government to visit that country having been supplemented by a more cordial one from the British ambassador, Mr. Bryce. Leaving Australia the vessels are to go to Manila and while in the Philippines the annual fall target practice will be held. Thence the return will be made to the United States by way of the Suez, stopping only at such ports as are necessary for coal ing purposes. The date of their return to the United States is dependent entirely upon the amount of time required for the target practice in the Philippines. The visit of the battleships to Puget sound will be made some time between the conclusion of the grand review in San Francisco bay on May 8 and the date of the sailing over the Pacific.

Secretary Metcalf said that the battleships would remain in San Francisco bay until about May 22, during

which time they would fill their bunkers with coal. According to the present plan the entire fleet will go to Puget sound and some of the ships may be sent to Vancouver, all returning to San Francisco, however, before departing for home. Admiral Evans will retire in August by operation of law. His successor has not yet been decided upon.

It has not been determined by the navy department whether the torpedo boat destroyer flotilla now on the way from Callao, Peru, north, shall accompany the battleships on their voyage around the world. The settlement of this question will depend on the condition of the little vessels when they reach San Francisco.

FLASHED TO THE FLEET.

News That It Will Encircle the World.

San Diego, Cal., March 14.—News that the American battleship fleet is to undertake a tour of the world within two months after its arrival at San Francisco on May 5, was flashed by wireless telegraph to the battleships of Admiral Evans' command at Magdalena bay by the government station at Point Loma. There is every reason to believe that it was received on board the vessels by officers and crews alike with the greatest degree of satisfaction. It has generally been understood for some time in naval circles that the trip back to the Atlantic station would be made by way of Suez, but the official announcement, coupled with the early date of starting on the second half of the world's greatest naval maneuver, will give keen pleasure to the men already proud of the notable achievements of their fleet.

The residents of the coast are somewhat disappointed over the brevity of the ships' stay in these waters, but they are proportionately proud of the fact that the flag is to be shown all the way around the world. President Roosevelt announced in his last message to congress, in referring to the trip of the "battle fleet" to Magdalena bay and San Francisco, that no such fleet had ever undertaken such a cruise in the history of the world's navies. The significance and importance, therefore, of the ordered journey through "our Pacific possessions," and on through the Suez and the Mediterranean in the eyes of the chief executive and the naval officials can well be imagined. So much interest will attach to the passage of the fleet through Asia, along the North African shore and Southern Europe that pressing invitations undoubtedly will come to the president from France, Germany and England, and it is believed by naval officers here that the fleet will visit all of these countries instead of sailing direct from Gibraltar to New York. Some comment is occasioned by the fact that no mention is made of the possibility of a visit of the battleships to Japan waters. A formal invitation from Japan, it is said, might be complied with during the stay of the fleet in the Philippines or after the completion of the fall target practice.

PASSED BY THE HOUSE.

Postoffice Appropriation Bill Carries Large Sum.

Washington, March 14.—Carrying the largest appropriation in all its history—\$222,190,392—the postoffice appropriation bill passed the house of representatives, having been under discussion fourteen days. This is \$1,425,000 more than was reported by the committee. Chairman Overstreet, when the reading of the bill had been concluded, waged a vigorous fight on the proposition to increase the pay of the letter carriers, which was voted into the bill last Wednesday, but that action was confirmed, 136 to 126. The closing debate on the bill dwelt mainly on the rural delivery service, the only amendment to get through being one increasing by \$200,000 the appropriation therefor. Following the passage of a number of private bills and an agreement to take up the pension appropriation bill, the house adjourned.

CARRIES OFF HONORS.

Minnesota Wins Banner at Butter-makers' Convention.

St. Paul, March 14.—Minnesota again carried off all the honors at the National Creamery Buttermakers' association, which closed its annual convention in St. Paul. Not only does Minnesota win the banner for the highest average scores, but her butter-makers got the highest individual score and the second highest. Iowa won the first in the gathered cream class and Minnesota second. Iowa also won the butter scoring contest with Minnesota and North Dakota tied for second.

BAD FIRE IN MONTANA

Town of Big Timber Nearly Wiped Out by Flames.

PROPERTY LOSS IS HEAVY

Damage Is Placed at Four Hundred Thousand Dollars—Three-fourths of the City Destroyed—Hundreds Are Homeless.

Butte, Mont., March 14.—Fire destroyed three-fourths of the town of Big Timber, about 150 miles east of this city on the Northern Pacific railroad. Three hundred families are rendered homeless and the loss is estimated at more than \$400,000.

For seven hours the fire raged. A terrific gale was blowing and not infrequently the flames would leap a block at a time, licking up dwelling after dwelling. Early in the struggle control of the fire was lost, and a special train with fire fighting apparatus was hurried from Livingston, about thirty miles west of Big Timber.

The fire started in the stock yards of the Northern Pacific company, and from there spread to a dwelling in the outskirts of the town. Thence it was carried from house to house until the business district of Big Timber was reached, through the heart of which the flames cut a swath more than a block wide. The wind then veered and the flames were started back over the course just finished and all of the buildings which had escaped the first sweep of the flames were destroyed. At one time the town was burning at three different places. The Dier Browning Mercantile company, one of the largest concerns of its kind in Eastern Montana, was burning fiercely for a time.

The wells early became exhausted, badly handicapping the fire fighters. Women joined in the battle and brought food to the men. Every man in town joined the volunteers.

The fire fighters finally massed forces around the First National bank, where the blaze was at last extinguished.

KANSAS BANK ROBBED.

Posses Closing in on Bandits Who Committed Bold Crime.

Coffeyville, Kan., March 14.—Three bandits held up and robbed the bank at Tyro, Kan., this county, securing \$2,500, after which they fled towards the Oklahoma line. One of the robbers guarded the outside while the other two secured the money. There were three men in the bank when the outlaws entered. With drawn revolvers the bandits ordered the three men to hold up their hands, and the order was obeyed. The robbers then gathered up all the money in sight, rushed out of the bank and rode away.

The three bandits are headed for the Osage hills near Bartlesville, Okla. Posses are closing on the robbers from every direction and it is not believed they can escape. It is believed they will be intercepted when they reach the Caney river north of Bartlesville, and that a battle will be fought there.

ASKS DISMISSAL OF SUIT

Harry K. Thaw Also Denies Charge of Insanity.

New York, March 14.—Denying the charge of insanity and praying for dismissal of the suit, Harry K. Thaw, through his counsel, made answer to Evelyn Nesbit Thaw's suit for an annulment of their marriage. Thaw's answer was delivered to Daniel O'Reilly, counsel for Mrs. Thaw, who after receiving the papers, announced that the case would be put on the trial calendar in the supreme court next week.

The answer of Harry Thaw is brief and contains only the barest legal formalities. Russell Peabody, Thaw's counsel, declared that the case would be resolutely contested by his client.

TELEGRAPHIC BREVITIES.

The sum of \$3,800 in gold was taken from the paymaster's room by some person doing duty on the cruiser Milwaukee.

Dr. Reginald Heber Fitz, hersey professor of theory and practice of physics at Harvard medical school, has resigned his chair.

The pickers' building, warp and machine room of the Cooleemee cotton mills, in Davis county, N. C., have been destroyed by fire. Loss, \$100,000.

The fight between Tommy Burns, the American heavyweight fighter, and Jem Roche of Dublin will take place at Dublin, March 17, unless Burns' injured eye becomes so bad that it would prove a serious handicap.

We have long coats

Rubberized, silk, cravenette and covert

You can't find a weak spot in our showing of garments. We have a beautiful selection of suits, an elegant line of jackets, a matchless line of skirts and the long coats in every desirable style. We can not fully describe them here—we ask the pleasure of a showing.

"MICHAEL'S"

VICTORY FOR MORSE.

Banker Temporarily Evades Being Forced into Bankruptcy.

New York, March 14.—Charles W. Morse has won a temporary advantage in his fight to escape the bankruptcy into which certain creditors are attempting to force him. Alleging insufficiently secured claims aggregating nearly \$250,000, Charles A. Hanna, as receiver for the National Bank of North America, and two former employees of the same institution filed with Judge Holt in the United States circuit court a petition that the once multi-millionaire iceman be declared a bankrupt. In opposition, counsel for Morse represented that T. G. Pringle and E. B. Shotwell, two of the petitioners, were not creditors within the meaning of the law, and that their alleged claims were unliquidable, because the operations concerned were based on stock transactions. Upon these representations the court refused to appoint a receiver pending the determination of the status of each petitioner.

Counsel for the petitioners were confident that the move of Morse would serve only to briefly delay an inevitable receivership. It was admitted, however, that Morse's best fighting asset was time, furnishing further opportunity to win over creditors to his plans of rehabilitation.

Counsel for Morse claimed that the great majority of creditors had been convinced that their interests would be served best by giving the financier a chance to pull out unhampered. Those engaged in the task of learning the exact condition of Morse's finances figure that his liabilities are about \$4,000,000 and his assets approximately \$3,000,000, estimated at the present market value of securities.

Hackenschmidt in New York.

New York, March 14.—George Hackenschmidt, the "Russian Lion," arrived here from Europe on the steamer Lusitania. He comes here to prepare for the championship wrestling contest with Frank Gotch in Chicago on April 3.

Killed in a Street Duel.

Carmi, Ill., March 14.—John W. Fulford was killed and Loten Dale was seriously wounded in a gun duel in May street. Dale was arrested. It is said the men quarrelled over the alleged theft of eggs.

WOULD AVERT A STRIKE.

Miners Give Operators Another Chance to Discuss Wage Scale.

Indianapolis, March 14.—The United Mine Workers of America, realizing the gravity of a suspension of work on April 1, which would throw thousands of men out of work, have decided to give the operators another opportunity to discuss the question of wage scale, in the hope of averting a strike. The operators of the central competitive district have been invited to meet the miners of this district in another conference on March 24.

Telegrams were sent to all the leading operators in the central district by the scale committee of the miners' organization.

ON LEGISLATIVE POWER.

Senator Bacon Discusses Executive Encroachments.

Washington, March 14.—Senator Bacon of Georgia in the senate spoke of executive encroachments on the legislative power of the government and read freely from newspapers reports to show that legislation is being mapped out in the White House at conferences at which congressmen are not even present.

The bill providing for the shipment of material intended for the Panama canal in American ships was passed by the senate.

Senator Simmons of North Carolina spoke in favor of the ocean mail shipping bill.

BRAINERD BUSINESS COLLEGE

Temporary Quarters SLEEPER BLOCK.

The opening session was most satisfactory to the management. Between 40 and 50 students are already on the register. The course of study presented here equals the best to be had in New York or Chicago. Any young man or woman in Brainerd who voluntarily elects to disregard such an opportunity as is now offered, will act without wisdom. Every young man or woman needs this training if he or she wishes to win in the battle of life. We offer you a fascinating as well as highly profitable course of study. Our new quarters are nearing completion and will be among the best in the country.

The primaries for the election of delegates to this convention shall be held on Saturday, April 4, 1908, from 7:30 until 8:30 p. m., at the usual polling places in said precincts.

The chairman and judges should familiarize themselves with the election law and strictly adhere to the same. Care should be exercised by the chairman and secretary to see that delegates are properly provided with their credentials. Be sure to attend to this matter.

By order of the Crow Wing county republican committee.

Dated at Brainerd, Minn., March 13, 1908.

N. H. INGERSOLL, Chairman.

MONS MAHLUM, Secretary.

WILL HEAR ALL CONTESTS

Republican National Committee to Decide Each Case on Its Merits.

Washington, March 14.—"As a member of the national committee I can say that the committee will hear all contests and will decide each case on its merits, sustaining justice and party regularly with no thought as to the preference of the contestants for any candidate or candidates."

This, in part, is the answer that Harry S. New, chairman of the Republican national committee, makes to recently published assertions that the committee will be "controlled" by one candidate or combination of candidates and that therefore the presidential nomination to be made at Chicago will be determined practically by the national committee.

Best Dressed Man Owner of Fifty Suits

The best dressed man in the United States, according to the dictum of the Merchant Tailors' National Exchange, which met in New York recently, is C. S. Eddy, a banker's clerk of Providence, R. I. Eddy possesses some fifty odd suits. He says that is approximately the number, but really it's too much trouble to count them, you know. There is a suit for each day in the month, suits for social functions, for driving, walking, for almost every special thing a human being can do. Moreover, it is said, he is constantly adding to his collection.

PRACTICAL TALK ON ADVERTISING

Next Wednesday evening, March 18, H. F. Michael will conduct the practical discussion club. This will be the first of a series of practical talks which are being instituted by the educational committee. This discussion will have reference to advertising entirely. There will be given perfect freedom for the asking and answering of questions relative to the subject—this being the most practical phase of such a club. Such a club best serves its purpose when the man in search or in need of information can thus come into helpful contact with a man who can give him the desired assistance.

Last evening a dozen young men of the Y. M. C. A. met at the building for a 6 o'clock supper, which had been donated by several interested ladies and the fellows feel grateful toward them for it. It was an enjoyable occasion to say the least, and much interest was shown relative to certain work to be done and results will be in evidence before long.

On Tuesday of next week the mothers of the boys who are to take part in the gymnastic exhibition in the opera house March 42 are asked to meet at the Y. M. C. A. rooms at 3 p. m. to plan for the gymnasium men's banquet to be given March 25 in the Y. M. C. A. building.

The physical section committee will hold a special meeting at the Y. M. C. A. rooms this evening to consider some special matter.

The junior gymnasium class is having some pictures taken at Opsahl's gallery this afternoon.

The Jumping off Place

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. Kings New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at H. P. Dunn's drug store. Trial bottle free. ttw

THE PERFECT WAY

Scores of Brainerd Citizens Have Learned It

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Brainerd people. David Northrup, of 918 Front St., Brainerd, Minn., says: "Backache and kidney trouble were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn's drug store. Previous to their use there was a dull steady aching in my back and an annoyance from the kidney secretions. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a true specific for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

Republican County Convention

A Republican county convention for the county of Crow Wing will be held in the court house in the city of Brainerd, Minn., on Thursday, April 9th, 1908, at 2 o'clock p. m., for the purpose of electing twelve delegates to the Republican state convention to be held in the Auditorium in Minneapolis, Minn., on Thursday, April 16th, 1908, at 11 o'clock a. m., for the purpose of electing four delegates at large and four delegates to the Republican National convention to be held in Chicago on June 16th, 1908, to nominate candidates for President and Vice President.

The Crow Wing county convention will also elect twelve delegates to represent the county in a Republican convention for the Sixth congressional district of Minnesota, to be held at Phoenix hall, Elk River, Minn., on Wednesday, April 15th, 1908, at 10 o'clock a. m., for the purpose of electing two delegates and two alternatives to represent said district at the Republican national convention, to be held at Chicago on June 16th, 1908.

The basis of representation shall be one delegate for each 25 votes or major fraction thereof of the average vote cast for governor, lieutenant governor, secretary of state, auditor, treasurer and attorney general in 1906, each precinct to be entitled to at least one delegate in said convention. In accordance with the above apportionment the several precincts of the county will be entitled to the following number of delegates in the convention:

First Ward.....5	Bay Lake.....1
Second Ward.....8	Fokay Lake.....1
Third Ward.....5	Oak Lawn.....1
Fourth Ward.....4	Deerwood.....2

ADDITION TO RIVER FLEET

Large Gasoline Launch to be Placed on River Above Dam by Jay Henry Long

NAME IS THE "ETHEL MA"

Fine Steel Boat Has Been Purchased by Mr. Long From George H. Atwood

Jay Henry Long and his son, Jay, returned last night from Stillwater, where they went to purchase a fine boat to be used on the upper Mississippi river. The boat is named the Ethel Mae, and is 27 feet in length, 5 foot beam. The framework and hull are constructed of steel with air tight compartments and the boat is equipped with double cylinder gasoline engines of 20 horse power. She is also equipped with up-to-date reversible propeller and is handsomely finished in brass mahogany. She will be used largely in towing cedar poles, etc., for the McKinley company, though she is the property of Mr. Long.

The boat is now in the St. Croix river, at Stillwater and will be shipped here as soon as the ice there thaws sufficiently to permit her removal. She was purchased from Geo. H. Atwood, of the Atwood Lumber company, of Stillwater, and will be an important addition to the river fleet.

Now is a good time to get that old refrigerator repaired. Telephone Slipp-Gruehagen Co. 336tf

INTO SUMMER RESORT

Piney Ridge Sanitarium Has Been Sold and will be Transferred Into a Pleasure Resort

Dr. Sandberg, of Pequot, has sold the Piney Ridge Sanitarium, located six miles from Jenkins, to J. J. Meurer and Dr. Aymer, of Minneapolis, and Mr. Meurer went up today to take possession. Mr. Meurer states that the place will be transformed into a first-class summer resort. It is beautifully and healthily located on one of the best lakes in Central Minnesota, easily accessible, and he says he can see no reason why it should not prove a popular resort.

AUSTIN'S PLANT MAKES MONEY

Municipal Light and Water Plants of That City Have Proved Good Investments

EXTRACTS FROM 1906 REPORT

Alderman Zakariasen Has Copy of Reports Showing Good Earnings by Plant

EDITOR DISPATCH:—

I beg to offer the enclosed letter and 1906 annual report of electric, water, gas and power board, received by the writer from the superintendent of Austin, Minn., water and light plant, a plant owned and operated by the city of Austin, Minn., for publication in your daily paper.

This is intended to enlighten the citizens of Brainerd on the question of municipal ownership of electric light and water plant. The population of Austin is between 6,000 and 7,000 people.

Very truly yours,
P. M. ZAKARIASEN.

"Office of Board of Water, Electric, Gas and Power Commissioners.

Austin, Minn., Mar. 11, 1908. P. M. Zakariasen, Esq., Brainerd, Minn.

DEAR SIR:—Yours of March 9 has been referred to this department by the city clerk. Our electric plant is operated in connection with the water works. The electrical department cost approximately \$65,000. We have a modern plant having two engines of 300 h. p. and 400 h. p. respectively, two a. c. dynamos of 200 k.w. and 300 k. w. and d. c. dynamo of 90 light capacity (which however we expect to dispense with soon). Enclose copy of 1906 report, the 1907 report was not issued in printed form, and this year's report will not be ready till April 1st, at which time we will be pleased to furnish you with a copy.

Very sincerely,
WM. TODD, Supt."

Following are extracts from the 1906 report:

STATISTICS—ELECTRIC LIGHT DEPT.

During the past year a 450 h. p. Murray Corliss engine has been installed, also a 300 k. w. generator. The Ball engine, which we formerly had in service, was sold to the city of Rochester for \$1,150. Forty-seven new customers have been added to our electric lighting business, making a total of five-hundred and fifty customers at the present time. Fifty-one meters were installed. On Nov. 1, 1905, a cut of 20 per cent was made in the rate of electric lighting; the present rates being 10c and 8c per 1,000 watts, with discounts as formerly. A sign rates was fixed at 5c per 1,000 watts.

Seven new power consumers were connected, making a total of twenty-four users with motors in service aggregating 226 h. p.

The total hours burning for the street areas was 2,414 hours for each lamp; an average of 202 hours monthly and 6 hours, 45 minutes daily.

STATISTICS—WATER WORKS DEPT.

At the request of the city council this board has caused water main to be laid for fire protection on River and Lincoln Sts., Brownsdale Ave., and Elm St., and to facilitate paving on West Mill St. A complete itemized statement of the cost of this work has been presented to your Honorable body.

Thirty-five taps were made, twenty-nine being for new consumers. Number of water patrons at the present time—six hundred ten. Two large meters were installed.

Number of gallons of water pumped—298,214,000. Monthly average 24,851,166; daily average, 828,372.

Suffering and Dollars Saved

E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and had many severe cuts healed by Dr. Bucklin's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at H. P. Dunn's, druggist. ttw

FRANK ANDREWS WON

Second Money in the Casino Roller Skating Race Friday Evening Went to George Kaiser

Frank Andrews won first money at the race at the Casino roller rink Friday evening. The second prize went to George Kaiser. The time for the two miles was 6 minutes and 30 seconds. The judges were C. B. Rowley, E. S. Houghton and Harold Webb. The competitors were Frank Andrews, George Kaiser, Pete Cummins, Leon Thomas, Wm. Daugherty and Charles Horn. The rink was well filled, every skate being out and the floor crowded with skaters both before and after the race. There were about 250 spectators in the balcony. Bisar's orchestra furnished fine music for the occasion.

Big Boat For Mille Lacs

Aitkin Age: The "Gertrude," a craft 57 feet long, reached Aitkin Friday from Duluth where she was taken from the great lakes to go to Mille Lacs. The boat was shipped on two flat cars and arrived in good shape. She was built for a Houghton concern but is now the property of Weatherland Brothers who will use her for general traffic on the big island lake. It is figured that with the Soo there will be considerable business for a good sea-worthy craft on that lake and so the "Gertrude" is out for her share of it. The boat was blocked up and the cars run out from under her and a pair of heavy logging sleighs was run under her. It was neatly done and the start for the lake was made Sunday afternoon. Many horses were put on but getting over the hills is going to be a slow job as all the machinery is in place and the load is a heavy one. They are going out over the west road.

MUSIC AND DRAMA

Ole Olson

That jolly comedy "Ole Olson" will come to the opera house, on Wednesday March 18, for an engagement of one night. "Ole" has been seen here before but this season it has been repolished and thoroughly revised so no doubt will prove itself just as popular as it did when it first came here. The specialties introduced are numerous and original and in many respects unique.

Kerry Gow

Mr. Bernard Daly, who will be seen at the opera house, March 21, as Dan O'Hara, in Joseph Murphy's famous drama, "Kerry Gow," is not only an admirable actor, but is also the possessor of an admirable voice, a tenor which ranges from C below the staff to E natural above. The story of "Kerry Gow" is simple and pure, and each succeeding year has endeared itself more and more to the hearts of the public; like listening to a good sermon, one feels better for having witnessed it. Its characters are all natural studies true to life in Ireland. A rich vein of humor and Irish wit runs through the entire action of the play. The unctious humor, the ready Irish wit, the twinkling eye of Bernard Daly, the young comedian, makes him an immediate favorite with the audience, and when he sings the many charming Irish ballads his magnificent voice rouses his hearers to enthusiasm. Mr. Daly is pronounced by critics to be the only successor to the late eminent Irish comedian, W. J. Scanlan.

A WOMEN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains to the knees or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address, Mrs. M. Summers, Box R, South Bend Ind.

FARM, HOME AND GARDEN

How hot do you drink your tea or eat your food? The American Farmer says:

There is no doubt that most people ruin their teeth and digestive system by taking food at too high a temperature. One can not get into a hot bath if it is over 112 degrees; 105 degrees is dangerous, and even 100 degrees is warm. But from experiments made it appears that we eat meat at 115 degrees temperature, beans at 132 degrees, potatoes at 150 degrees. The average temperature of tea is 135 degrees, and it may be sipped, but cannot be swallowed in large quantities, if it exceeds 142 degrees. These things are so hot that the fingers can touch them for only a moment.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists. Take Hall's Family Pills for constipation.

Where to Worship

Parties interested will please bear in mind that notices must be in THE DISPATCH office by 5:30 p. m. Friday evening to insure insertion Saturday. This is necessary to permit copy to be ready for printer Saturday morning.

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m. mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Rev. J. E. Oslund, pastor.

Christian Scientists: Services every Sunday at 10:45 a. m. in the Cale hlla, 620 1/2 Front street. No evening services. All are welcome. Sunday school at 11:45 a. m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:45 a. m.; evening service at 7:45 p. m., Sunday school noon. Mid-week service on Thursday evening at 8 p. m. Rev. C. V. S. Engstrom, pastor.

Norwegian Lutheran church, 7th St. south, between Laurel and Maple streets: Services at 10:30 in the morning and at 7:30 in the evening. Sunday school at 12 m. Sunday school in both the Norwegian and English languages.

First Baptist church: Morning service at 10:30, Sunday school at 12:00 m. Junior society at 3 p. m. Young Peoples' society at 6:30 p. m. Evening service 7:30.

First Congregational church, corner Juniper and Fifth streets: Public worship at 10:30 a. m., and 7:30 p. m. Sunday school 12. Young Peoples' Society at 6:30 p. m. Rev. G. E. Moorehouse, pastor.

Morning subject, "An Unpopular Prophet." Evening subject, "A Gospel of Aid for the Injured."

Mid-week meeting Thursday at 7:45 p. m. You will be welcome at these services and you will certainly receive spiritual help. Good music, practical helpful preaching.

ADDITION TO RIVER FLEET

Large Gasoline Launch to be Placed on River Above Dam by Jay Henry Long

NAME IS THE "ETHEL MAE"

Fine Steel Boat Has Been Purchased by Mr. Long From George H. Atwood

Jay Henry Long and his son, Jay, returned last night from Stillwater, where they went to purchase a fine boat to be used on the upper Mississippi river. The boat is named the Ethel Mae, and is 27 feet in length, 5 foot beam. The framework and hull are constructed of steel with air tight compartments and the boat is equipped with double cylinder gasoline engines of 20 horse power. She is also equipped with up-to-date reversible propeller and is handsomely finished in brass mahogany. She will be used largely in towing cedar poles, etc., for the McKinley company, though she is the property of Mr. Long.

The boat is now in the St. Croix river, at Stillwater and will be shipped here as soon as the ice there thaws sufficiently to permit her removal. She was purchased from Geo. H. Atwood, of the Atwood Lumber company, of Stillwater, and will be an important addition to the river fleet.

Now is a good time to get that old refrigerator repaired. Telephone Slipp-Gruehagen Co. 336tf

INTO SUMMER RESORT

Piney Ridge Sanitarium Has Been Sold and will be Transferred Into a Pleasure Resort

Dr. Sandberg, of Pequot, has sold the Piney Ridge Sanitarium, located six miles from Jenkins, to J. J. Meurer and Dr. Aymer, of Minneapolis, and Mr. Meurer went up today to take possession. Mr. Meurer states that the place will be transformed into a first-class summer resort. It is beautifully and healthily located on one of the best lakes in Central Minnesota, easily accessible, and he says he can see no reason why it should not prove a popular resort.

AUSTIN'S PLANT MAKES MONEY

Municipal Light and Water Plants of That City Have Proved Good Investments

EXTRACTS FROM 1906 REPORT

Alderman Zakariasen Has Copy of Reports Showing Good Earnings by Plant

EDITOR DISPATCH:—

I beg to offer the enclosed letter and 1906 annual report of electric, water, gas and power board, received by the writer from the superintendent of Austin, Minn., water and light plant, a plant owned and operated by the city of Austin, Minn., for publication in your daily paper.

This is intended to enlighten the citizens of Brainerd on the question of municipal ownership of electric light and water plant. The population of Austin is between 6,000 and 7,000 people.

Very truly yours,
P. M. ZAKARIASEN.

"Office of Board of Water, Electric, Gas and Power Commissioners.

Austin, Minn., Mar. 11, 1908. P. M. Zakariasen, Esq., Brainerd, Minn.

DEAR SIR:—Yours of March 9 has been referred to this department by the city clerk. Our electric plant is operated in connection with the water works. The electrical department cost approximately \$65,000. We have a modern plant having two engines of 300 h. p. and 400 h. p. respectively, two a. c. dynamos of 200 k. w. and 300 k. w. and d. c. dynamo of 90 light capacity (which however we expect to dispense with soon). Enclose copy of 1906 report, the 1907 report was not issued in printed form, and this year's report will not be ready till April 1st, at which time we will be pleased to furnish you with a copy.

Very sincerely,
WM. TODD, Supt."

Following are extracts from the 1906 report:

STATISTICS—ELECTRIC LIGHT DEPT.

During the past year a 450 h. p. Murray Corliss engine has been installed, also a 300 k. w. generator. The Ball engine, which we formerly had in service, was sold to the city of Rochester for \$1,150. Forty-seven new customers have been added to our electric lighting business, making a total of five-hundred and fifty customers at the present time. Fifty-one meters were installed. On Nov. 1, 1905, a cut of 20 per cent was made in the rate of electric lighting; the present rates being 10c and 8c per 1,000 watts, with discounts as formerly. A sign rates was fixed at 5c per 1,000 watts.

Seven new power consumers were connected, making a total of twenty-four users with motors in service aggregating 226 h. p.

The total hours burning for the street arcs was 2,414 hours for each lamp; an average of 202 hours monthly and 6 hours, 45 minutes daily.

STATISTICS—WATER WORKS DEPT.

At the request of the city council this board has caused water main to be laid for fire protection on River and Lincoln Sts., Brownsdale Ave., and Elm St., and to facilitate paving on West Mill St. A complete itemized statement of the cost of this work has been presented to your Honorable body.

Thirty-five taps were made, twenty-nine being for new consumers. Number of water patrons at the present time—six hundred ten. Two large meters were installed.

Number of gallons of water pumped—298,214,000. Monthly average 24,851,166; daily average, 828,372.

EARNINGS OF THE PLANT

Rentals electric lighting	\$14,644 19
Rentals electric power	3,254 82

FRANK ANDREWS WON

Second Money in the Casino Roller Skating Race Friday Evening Went to George Kaiser

Frank Andrews won first money at the race at the Casino roller rink Friday evening. The second prize went to George Kaiser. The time for the two miles was 6 minutes and 30 seconds. The judges were C. B. Rowley, E. S. Houghton and Harold Webb. The competitors were Frank Andrews, George Kaiser, Pete Cummins, Leon Thomas, Wm. Daugherty and Charles Horn. The rink was well filled, every skate being out and the floor crowded with skaters both before and after the race. There were about 250 spectators in the balcony. Bisiar's orchestra furnished fine music for the occasion.

Big Boat For Mille Lacs

Aitkin Age: The "Gertrude," a craft 57 feet long, reached Aitkin Friday from Duluth where she was taken from the great lakes to go to Mille Lacs. The boat was shipped on two flat cars and arrived in good shape. She was built for a Houghton concern but is now the property of Weatherland Brothers who will use her for general traffic on the big island lake. It is figured that with the Soo there will be considerable business for a good sea-worthy craft on that lake and so the "Gertrude" is out for her share of it. The boat was blocked up and the cars run out from under her and a pair of heavy logging sleighs was run under her. It was neatly done and the start for the lake was made Sunday afternoon. Many horses were put on but getting over the hills is going to be a slow job as all the machinery is in place and the load is a heavy one. They are going out over the west road.

MUSIC AND DRAMA

Ole Olson

That jolly comedy "Ole Olson" will come to the opera house, on Wednesday March 18, for an engagement of one night. "Ole" has been seen here before but this season it has been republished and thoroughly revised so no doubt will prove itself just as popular as it did when it first came here. The specialties introduced are numerous and original and in many respects unique.

Kerry Gow

Mr. Bernard Daly, who will be seen at the opera house, March 21, as Dan O'Hara, in Joseph Murphy's famous drama, "Kerry Gow," is not only an admirable actor, but is also the possessor of an admirable voice, a tenor which ranges from C below the staff to E natural above. The story of "Kerry Gow" is simple and pure, and each succeeding year has endeared itself more and more to the hearts of the public; like listening to a good sermon, one feels better for having witnessed it. Its characters are all natural studies true to life in Ireland. A rich vein of humor and Irish wit runs through the entire action of the play. The untentious humor, the ready Irish wit, the twinkling eye of Bernard Daly, the young comedian, makes him an immediate favorite with the audience, and when he sings the many charming Irish ballads his magnificent voice rouses his hearers to enthusiasm. Mr. Daly is pronounced by critics to be the only successor to the late eminent Irish comedian, W. J. Scanlan.

A WOMEN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address, Mrs. M. Summers, Box R, South Bend Ind.

FARM, HOME AND GARDEN

How hot do you drink your tea or eat your food? The American Farmer says:

There is no doubt that most people ruin their teeth and digestive system by taking food at too high a temperature. One can not get into a hot bath if it is over 112 degrees; 105 degrees is dangerous, and even 100 degrees is warm. But from experiments made it appears that we eat meat at 115 degrees temperature, beans at 132 degrees, potatoes at 150 degrees. The average temperature of tea is 135 degrees, and it may be sipped, but cannot be swallowed in large quantities, if it exceeds 142 degrees. These things are so hot that the fingers can touch them for only a moment.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Where to Worship

Parties interested will please bear in mind that notices must be in THE DISPATCH office by 5:30 p. m. Friday evening to insure insertion Saturday. This is necessary to permit copy to be ready for printer Saturday morning.

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m. mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Rev. J. E. Oslund, pastor.

Christian Scientists: Services every Sunday at 10:45 a. m., in the Cale hlla, 620 1/2 Front street. No evening services. All are welcome. Sunday school at 11:45 a. m.

Hair Help

Your doctor will tell you just why you use sulphur, glycerin, etc., in Ayer's Hair Vigor. Ask him about it.

If you cannot be handsome, be as handsome as you can. Every human being has a legal right to good looks. Know of anything that contributes more to it than a splendid head of hair? Ayer's Hair Vigor keeps the hair soft and smooth, makes it grow faster. Does not color the hair. J. C. Ayer & Co., Lowell, Mass.

The Largest Exclusive Music House in the Northwest

WE take an immense amount of pride in this plain, solid statement. For fourteen years we have been pounding along, climbing steadily on and up, striving to make each year a little bigger and better than the preceding year, eliminating the weak spots and strengthening the ties of good fellowship between ourselves and our old customers, and by square business dealing constantly adding new ones. There is hardly a man in this great Northwest that does not know that when he buys anything of Stone, whether it be a drum stick or a pipe organ, whether it be a jewsharp or a grand piano, the goods are going to be exactly as represented and the price will be just a little lower than he can get anywhere else, and he knows, too, that he is going to get a square deal.

We want to make this the biggest and best music house in the country and if you are not a customer of ours now, we want to make you one. We want your next order for anything in the music line and we know that if you will give us the opportunity we will make you a permanent customer. We guarantee it.

STONE'S MUSIC HOUSE

Everything Known in Music Fargo, North Dakota

DR. REA

SPECIALIST

Ear, Nose, Throat, Lungs, Diseases of Men, Diseases of Women, Chronic Diseases.

Consultation in German, French and English

Next Regular Professional Visit to Brainerd at Ransford Hotel

Wednesday, April 1st

From 9 a. m. until 2 p. m.

Dr. Rea has had 15 years of actual experience in the treatment and cure of all curable medical and surgical diseases of the Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchial Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Appendicitis, Rheumatism, Neuralgia, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder Troubles, Prostatitis and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in Adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated, can be easily restored. Deformities, Club Feet, Curvature of the Spine, Disease of the Brain, Paralysis, Heart Disease, Dropsy, Swelling of the Limbs, Open Sores, Pain in the Bones, Granular Enlargements, and all long standing diseases properly treated. Failing Memory, weak eyes, stunted development, impoverished blood, pimples blood and skin diseases, Eruptions, Hair Falling, Swelling, Sore Throat, Ulcers, Weak back, burning Urine passing urine to often, etc., receive searching treatment as experienced in the line of modern medicine, and as adopted by America's most eminent specialist.

Cancers, Tumors, Goitre, Piles, Varicose, Rupture and glands treated successfully with the hypodermic injection method. This is really one of the most scientific and surely effective plans of the 20th century. No incurables taken with a guarantee to cure. Consultation and examination to those interested. \$1.00.

Dr. Rea & Co.
220 N. Collet Ave., Minneapolis, Minn.

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

M. K. Swartz, Druggist

ALL FOUND GUILTY.

Defendants in Capitol Conspiracy Cases Convicted.

Harrisburg, Pa., March 14.—The jury in the first of the capital conspiracy cases to be tried gave a verdict of guilty as to every one of the four men who have been on trial here for the past seven weeks, after six hours' deliberation. There were two ballots taken.

The men found guilty are John H. Sanderson, contractor; William P. Snyder, former auditor general; W. L. Mathews, former state treasurer, and James M. Shumaker, former superintendent of public buildings and grounds.

Motions for new trials were made in each case.

Only Sanderson and Snyder were in court when the verdict was given and neither would talk. None of the counsel for the defendants would say anything about the case. The state's attorneys, when questioned, said that they were pleased with the result.

Maximum penalties for each defendant in this case is two years' imprisonment and \$1,000 fine.

The four men were convicted of defrauding the state in furnishing the new capitol, which cost the state about \$13,000,000, instead of \$4,000,000, the figure at which the contract was estimated.

The present case constituted one of the longest jury trials in the history of Pennsylvania courts, and it attracted much attention throughout the country.

The prosecution of the alleged frauds was the outcome of the political upheaval in Pennsylvania in 1905, which resulted in the election of William H. Berry, a Democrat, as state treasurer, in the fall of that year.

Berry threw open the books of the state treasury and showed that the cost of building the capitol was more than three times the amount of the contract.

The case was laid before the attorney general and indictments were found against fourteen persons.

When the cases now pending against the four persons who were convicted are concluded the other defendants will be heard. The state claims that there are frauds amounting to nearly \$5,000,000 in the furnishings of the capitol.

WEEKLY REVIEW OF TRADE

Considerable Improvement Noted in Both Tone and Volume.

New York, March 14.—Bradstreet's review of trade says there is quite considerable improvement in both the tone of general distributive trade and in the volume of business actually booked by jobbers. Withal, however, there is little change to be seen in the character of the buying, which is still along very conservative lines, and while the volume of business doing is larger now than at any time since last fall, the shrinkage from a year ago is distinct and unmistakably large. Collections are still very backward; prices of staples tend larger, as for a long time past; the earning power of employees in many lines of industry is being curtailed by short time or wage reductions, and the threat is made that a refusal to accept lower wages may result in a widespread suspension of activity in the coal trade. The demand for iron and steel shows little real expansion, aside from some lines like wire and similar goods; old material tends to ease and many consuming plants are running on short time. The long standing curtailment of cotton goods production shows no signs of ending; in fact, a continued heavy cut in production is indicated, and notice has been given of a 10 per cent reduction in wages at some Eastern mills. One of the best situated lines of trade in the country is millinery, which seems to be in fairly brisk sale by jobbers. Dry goods, groceries, hardware, implements and paints are also moving fairly well. The jewelry trade is concerned at the weakness in diamonds. The Kentucky whiskey output for this spring is only one-third that of a year ago.

AMERICAN PEASANT WOMEN.

Danger Pointed Out by Professor Ross of University of Wisconsin.

Unless factory and shop conditions are changed materially America is threatened with the appearance of a race of women like those of the peasant class of Russia, according to Professor Edward A. Ross of the University of Wisconsin. Professor Ross made this assertion during an address before a public meeting held under the auspices of the Illinois Federation of Women's Clubs at Hull House in Chicago the other night.

After quoting from statistics to show that one-third of the women of the country between the ages of fifteen and twenty-five are engaged in industrial occupations Professor Ross said:

"With many of them it is only temporary, but do you realize that for the few years they are at the loom or in the shop the conditions surrounding them are not influenced by anybody who has an interest in them?"

"The truly feminine girl, the one of frailty and delicacy, will pass from our working classes. There will be a reversion to the type of masculine women, squat, flat chested, broad backed, low browed creatures, working in the fields side by side with the men, the burdens of wifehood and motherhood coming but as an incident to a day of toil."

"The cost of the cure, the prevention of such a state, is in the hands of society today. The law can tell a girl just how many hours of her time she may sell."

MAKES A STATEMENT

Chairman of Submarine Investigating Committee Talks.

LINE OF ACTION IS NARROW

But Mr. Boutell Declares That Painful Affair Will Be Probed to the Bottom—Lilley Now Without Any Counsel.

Washington, March 14.—Representative Lilley of Connecticut on next Monday will face the submarine investigating committee without legal counsel to advise him. Frank T. Brown and Stiles Judson, the Connecticut attorneys engaged by Mr. Lilley and who appeared with him at the committee hearing on Thursday, have thrown up their engagement and gone home. They gave as the reason the refusal of the committee to permit examination or cross-examination of witnesses by persons other than members of the committee, except that written questions be first submitted to the committee for its approval. They felt that under such restrictive arrangement legal talent could be of no assistance to Mr. Lilley.

Chairman Boutell of the investigating committee in an interview made the following statement:

"The apparent misunderstanding on the part of the house as to the attitude of the investigating committee toward Mr. Lilley—a misunderstanding which appears to have sprung from public statements in which Mr. Lilley has been quoted as dissatisfied with the prospective course of the committee toward himself as the originator of the resolution of inquiry—is unfortunate. It should be clearly understood that the committee is proceeding not only within the narrow lines

Laid Down by the Law, but also with a view and purpose to protect Mr. Lilley. He told the committee that he thought the investigation should proceed along different lines; that he should be allowed to name the order of the witnesses and that he, through his counsel, should have the privilege of examining and cross-examining them. Now the fact is that if we had acceded to this desire and placed witnesses on the stand before a foundation had been laid by the testimony of Mr. Lilley himself we should have been proceeding contrary to law.

"I wish to state very clearly as chairman of the investigating committee that we propose to probe this painful affair to the very bottom; and in doing so we propose to proceed within the law and with due regard for the protection of Mr. Lilley as a member of the house of representatives. In pursuance of this course the committee decided unanimously to call on Mr. Lilley for a list of the witnesses he desires to have summoned and for a full statement in connection with each witness of the papers he desires to have that witness bring. As soon as this list is received by me I shall issue subpoenas duces tecum for all of these witnesses and they will be summoned at once by the sergeant-at-arms.

"The committee has thus placed entirely in the hands of Mr. Lilley and his attorneys the question of what witnesses shall or shall not be called at this time and what papers and documents shall or shall not be produced. The committee will resume its sittings next Monday, ready to swear and to hear such witnesses as Mr. Lilley shall have designated."

Mr. Lilley Makes Reply.

Replying to the statement made by Chairman Boutell, Mr. Lilley said: "Referring to the first paragraph of the committee's statement, I would say that if the investigation does develop into a farce the responsibility will rest with others, as I personally begged to take the responsibility of the investigation and to furnish the ablest counsel procurable. The committee has denied me this privilege and from this time on the committee must assume the responsibility of securing the evidence from the witnesses whom I have designated and will designate."

"Regarding the second paragraph of the chairman's statement, I would say that the legal phase of the matter as expressed by the chairman is directly contrary to the opinion of eminent lawyers with whom I have consulted. "Regarding the third paragraph, we are all glad to know that the chairman of the investigating committee proposes to probe this affair to the very bottom."

"Referring to the fourth paragraph of the statement, I note that the committee has placed in the hands of myself and my attorneys what witnesses shall be called at this time. This is of no value to me without the privilege of direct examination and cross-examination and the privilege of calling the witnesses that will bring out the evidence to the best advantage."

The committee at its executive session, in addition to deciding to ask Mr. Lilley for a list of his witnesses.

An important development of the situation is that Secretary of the Navy Metcalf, the members of the last year's navy board, which sat in trial on submarine tests off Newport, and other high officials of the navy department will be called on by the committee to testify and to produce government records of plans, specifications and contracts.

WASTE OF SLANG.

Britisher Couldn't Understand What Comedian Meant by "Off His Nut."

If there are any good stories left in Australia it is an oversight on the part of Mr. Andrew Mack, the comedian. Apparently he cornered the market, for ever since he arrived in London he has been dispelling the gloom by recounting good stories without number which he brought halfway around the world.

In every club and hotel he was welcomed like a ray of sunshine. However, in the Savage club the other day he met his match, says a London correspondent of the New York Herald. He was chatting with an Englishman, a lieutenant of the guards, who is of the typical kind—tall, yellow mustached, monocled and with watery blue eyes.

The conversation was about the Thaw trial in New York. Mr. Mack made use of a slang expression very common in America in referring to Thaw and said, "I always thought he was off his nut."

"I beg your pardon," interrupted the lieutenant.

"I say," repeated Mr. Mack, "I think he's off his nut."

"Do you, really?" The lieutenant carefully readjusted his eyeglass. "I beg your pardon, I'm sure, but do you mind telling me what it is you think?"

"As I just said—he's off his nut."

"Fancy that, now. Astounding! It is, I assure you!" The lieutenant picked up his glass, studied it carefully, set it down again and then, leaning across the table, continued in a most apologetic tone of voice:

"My dear chap, would it be asking too much if you were to tell me what you are—trying to tell me—now, would it?"

Mr. Mack's patience was oozing away. He tapped his forehead as he said:

"Why, don't you understand? Off his nut means he's wrong up here."

"How very interesting! I'm quite sure I comprehend—quite positive, I might say. What you really mean is that he's what we might call just a wee bit barmy."

"Yes, I guess that's what I mean, whatever that means."

The lieutenant's face had brightened, but suddenly it relapsed into a look of deep thought. He cocked his head to one side so as to peer into his glass of whisky and soda with one eye. After a full minute he looked up with a hopeless expression.

"I'm very sorry," he said, "very sorry, I assure you, my dear fellow, but would you now be so kind—would you please tell me what the deuce 'nut' has to do with insanity?"

Sufficient to add he does not know yet.

"Never again," said Mr. Mack, "will I use slang in talking to Englishmen. It is a foreign language to them, and they play no one night stands on the language route."

BANKER WALSH SENTENCED

Chicago Financier Given Five Years in Prison.

Chicago, March 14.—John R. Walsh, former president of the Chicago National bank of this city and convicted of illegal use of the funds of that institution, was denied a new trial by Judge Anderson of the United States district court and sentenced to serve five years in the federal penitentiary at Fort Leavenworth.

Coulton Outclasses Californian.

Los Angeles, Cal., March 14.—Johnny Coulton of Chicago cleanly outclassed "Young Terry" McGovern of Los Angeles in their ten-round contest before the Pacific Athletic club in this city. Coulton, by his clever defense and his hardness, kept his opponent continually on the defensive and scored three knockdowns.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them and in the process of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by grateful patients who have been cured by it of catarrhal affections, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

ALL FOUND GUILTY.

Defendants in Capitol Conspiracy Cases Convicted.

Harrisburg, Pa., March 14.—The jury in the first of the capital conspiracy cases to be tried gave a verdict of guilty as to every one of the four men who have been on trial here for the past seven weeks, after six hours' deliberation. There were two ballots taken.

The men found guilty are John H. Sanderson, contractor; William P. Snyder, former auditor general; W. L. Mathews, former state treasurer, and James M. Shumaker, former superintendent of public buildings and grounds.

Motions for new trials were made in each case.

Only Sanderson and Snyder were in court when the verdict was given and neither would talk. None of the counsel for the defendants would say anything about the case. The state's attorneys, when questioned, said that they were pleased with the result.

Maximum penalties for each defendant in this case is two years' imprisonment and \$1,000 fine.

The four men were convicted of defrauding the state in furnishing the new capitol, which cost the state about \$12,000,000, instead of \$4,000,000, the figure at which the contract was estimated.

The present case constituted one of the longest jury trials in the history of Pennsylvania courts, and it attracted much attention throughout the country.

The prosecution of the alleged frauds was the outcome of the political upheaval in Pennsylvania in 1905, which resulted in the election of William H. Berry, a Democrat, as state treasurer, in the fall of that year.

Berry threw open the books of the state treasury and showed that the cost of building the capitol was more than three times the amount of the contract.

The case was laid before the attorney general and indictments were found against fourteen persons.

When the cases now pending against the four persons who were convicted are concluded the other defendants will be heard. The state claims that there are frauds amounting to nearly \$5,000,000 in the furnishings of the capitol.

WEEKLY REVIEW OF TRADE

Considerable Improvement Noted in Both Tone and Volume.

New York, March 14.—Bradstreet's review of trade says there is quite considerable improvement in both the tone of general distributive trade and in the volume of business actually booked by jobbers. Withal, however, there is little change to be seen in the character of the buying, which is still along very conservative lines, and while the volume of business doing is larger now than at any time since last fall, the shrinkage from a year ago is distinct and unmistakably large. Collections are still very backward; prices of staples tend larger, as for a long time past; the earning power of employees in many lines of industry is being curtailed by short time or wage reductions, and the threat is made that a refusal to accept lower wages may result in a widespread suspension of activity in the coal trade. The demand for iron and steel shows little real expansion, aside from some lines like wire and similar goods; old material tends to ease and many consuming plants are running on short time. The long standing curtailment of cotton goods production shows no signs of ending; in fact, a continued heavy cut in production is indicated, and notice has been given of a 10 per cent reduction in wages at some Eastern mills. One of the best situated lines of trade in the country is millinery, which seems to be in fairly brisk sale by jobbers. Dry goods, groceries, hardware, implements and paints are also moving fairly well. The jewelry trade is concerned at the weakness in diamonds. The Kentucky whiskey output for this spring is only one-third that of a year ago.

AMERICAN PEASANT WOMEN.

Danger Pointed Out by Professor Ross of University of Wisconsin.

Unless factory and shop conditions are changed materially America is threatened with the appearance of a race of women like those of the peasant class of Russia, according to Professor Edward A. Ross of the University of Wisconsin. Professor Ross made this assertion during an address before a public meeting held under the auspices of the Illinois Federation of Women's Clubs at Hull House in Chicago the other night.

After quoting from statistics to show that one-third of the women of the country between the ages of fifteen and twenty-five are engaged in industrial occupations Professor Ross said: "With many of them it is only temporary, but do you realize that for the few years they are at the loom or in the shop the conditions surrounding them are not influenced by anybody who has an interest in them?"

"The truly feminine girl, the one of frailty and delicacy, will pass from our working classes. There will be a reversion to the type of masculine women, squat, flat chested, broad backed, low browed creatures, working in the fields side by side with the men, the burdens of wifehood and motherhood coming but as an incident to a day of toil."

"The cost of the cure, the prevention of such a state, is in the hands of society today. The law can tell a girl just how many hours of her time she may sell."

MAKES A STATEMENT

Chairman of Submarine Investigating Committee Talks.

LINE OF ACTION IS NARROW

But Mr. Boutell Declares That Painful Affair Will Be Probed to the Bottom—Lilley Now Without Any Counsel.

Washington, March 14.—Representative Lilley of Connecticut on next Monday will face the submarine investigating committee without legal counsel to advise him. Frank T. Brown and Stiles Judson, the Connecticut attorneys engaged by Mr. Lilley and who appeared with him at the committee hearing on Thursday, have thrown up their engagement and gone home. They gave as the reason the refusal of the committee to permit examination or cross-examination of witnesses by persons other than members of the committee, except that written questions be first submitted to the committee for its approval. They felt that under such restrictive arrangement legal talent could be of no assistance to Mr. Lilley.

Chairman Boutell of the investigating committee in an interview made the following statement: "The apparent misunderstanding on the part of the house as to the attitude of the investigating committee toward Mr. Lilley—a misunderstanding which appears to have sprung from public statements in which Mr. Lilley has been quoted as dissatisfied with the prospective course of the committee toward himself as the originator of the resolution of inquiry—is unfortunate. It should be clearly understood that the committee is proceeding not only within the narrow lines

Laid Down by the Law, but also with a view and purpose to protect Mr. Lilley. He told the committee that he thought the investigation should proceed along different lines; that he should be allowed to name the order of the witnesses and that he, through his counsel, should have the privilege of examining and cross-examining them. Now the fact is that if we had acceded to this desire and placed witnesses on the stand before a foundation had been laid by the testimony of Mr. Lilley himself we should have been proceeding contrary to law.

"I wish to state very clearly as chairman of the investigating committee that we propose to probe this painful affair to the very bottom; and in doing so we propose to proceed within the law and with due regard for the protection of Mr. Lilley as a member of the house of representatives. In pursuance of this course the committee decided unanimously to call on Mr. Lilley for a list of the witnesses he desires to have summoned and for a full statement in connection with each witness of the papers he desires to have that witness bring. As soon as this list is received by me I shall issue subpoenas duces tecum for all of these witnesses and they will be summoned at once by the sergeant-at-arms.

"The committee has thus placed entirely in the hands of Mr. Lilley and his attorneys the question of what witnesses shall or shall not be called at this time and what papers and documents shall or shall not be produced. The committee will resume its sittings next Monday, ready to swear and to hear such witnesses as Mr. Lilley shall have designated."

Mr. Lilley Makes Reply.

Replying to the statement made by Chairman Boutell, Mr. Lilley said: "Referring to the first paragraph of the committee's statement, I would say that if the investigation does develop into a farce the responsibility will rest with others, as I personally begged to take the responsibility of the investigation and to furnish the ablest counsel procurable. The committee has denied me this privilege and from this time on the committee must assume the responsibility of securing the evidence from the witnesses whom I have designated and will designate."

"Regarding the second paragraph of the chairman's statement, I would say that the legal phase of the matter as expressed by the chairman is directly contrary to the opinion of eminent lawyers with whom I have consulted."

"Regarding the third paragraph, we are all glad to know that the chairman of the investigating committee proposes to probe this affair to the very bottom."

"Referring to the fourth paragraph of the statement, I note that the committee has placed in the hands of myself and my attorneys what witnesses shall be called at this time. This is of no value to me without the privilege of direct examination and cross-examination and the privilege of calling the witnesses that will bring out the evidence to the best advantage."

The committee at its executive session, in addition to deciding to ask Mr. Lilley for a list of his witnesses. An important development of the situation is that Secretary of the Navy Metcalf, the members of the last year's navy board, which sat in trial on submarine tests off Newport, and other high officials of the navy department will be called on by the committee to testify and to produce government records of plans, specifications and contracts.

WASTE OF SLANG.

Bricklayer Couldn't Understand What Comedian Meant by "Off His Nut."

If there are any good stories left in Australia it is an oversight on the part of Mr. Andrew Mack, the comedian. Apparently he cornered the market, for ever since he arrived in London he has been dispelling the gloom by recounting good stories without number which he brought halfway around the world.

In every club and hotel he was welcomed like a ray of sunshine. However, in the Savage club the other day he met his match, says a London correspondent of the New York Herald. He was chatting with an Englishman, a lieutenant of the guards, who is of the typical kind—tall, yellow mustached, monocled and with watery blue eyes.

The conversation was about the Thaw trial in New York. Mr. Mack made use of a slang expression very common in America in referring to Thaw and said, "I always thought he was off his nut."

"I beg your pardon," interrupted the lieutenant.

"I say," repeated Mr. Mack, "I think he's off his nut."

"Do you, really?" The lieutenant carefully readjusted his eyeglass. "I beg your pardon, I'm sure, but do you mind telling me what it is you think?"

"As I just said—he's off his nut."

"Fancy that, now. Astounding! It is, I assure you!" The lieutenant picked up his glass, studied it carefully, set it down again and then, leaning across the table, continued in a most apologetic tone of voice:

"My dear chap, would it be asking too much if you were to tell me what you are—trying to tell me—now, would it?"

Mr. Mack's patience was oozing away. He tapped his forehead as he said: "Why, don't you understand? Off his nut means he's wrong up here."

"How very interesting! I'm quite sure I comprehend—quite positive, I might say. What you really mean is that he's what we might call just a wee bit balmy."

"Yes, I guess that's what I mean, whatever that means."

The lieutenant's face had brightened, but suddenly it relapsed into a look of deep thought. He cocked his head to one side so as to peer into his glass of whisky and soda with one eye. After a full minute he looked up with a hopeless expression.

"I'm very sorry," he said, "very sorry, I assure you, my dear fellow, but would you now be so kind—would you please tell me what the deuce 'nut' has to do with insanity?"

Sufficient to add he does not know yet.

"Never again," said Mr. Mack, "will I use slang in talking to Englishmen. It is a foreign language to them, and they play no one night stands on the language route."

BANKER WALSH SENTENCED

Chicago Financier Given Five Years in Prison.

Chicago, March 14.—John R. Walsh, former president of the Chicago National bank of this city and convicted of illegal use of the funds of that institution, was denied a new trial by Judge Anderson of the United States district court and sentenced to serve five years in the federal penitentiary at Fort Leavenworth.

Coulton Outclasses Californian.

Los Angeles, Cal., March 14.—Johnny Coulton of Chicago cleanly outclassed "Young Terry" McGovern of Los Angeles in their ten-round contest before the Pacific Athletic club in this city. Coulton, by his clever defense and his hardiness, kept his opponent continually on the defensive and scored three knockdowns.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured by it of catarrhal, or inflammatory, periods, irregularities, prolapsus, and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

The Largest Exclusive Music House in the Northwest

WE take an immense amount of pride in this plain, solid statement. For fourteen years we have been pounding along, climbing steadily on and up, striving to make each year a little bigger and better than the preceding year, eliminating the weak spots and strengthening the ties of good fellowship between ourselves and our old customers, and by square business dealing constantly adding new ones. There is hardly a man in this great Northwest that does not know that when he buys anything of Stone, whether it be a drum stick or a pipe organ, whether it be a jewsharp or a grand piano the goods are going to be exactly as represented and the price will be just a little lower than he can get anywhere else, and he knows, too, that he is going to get a square deal.

We want to make this the biggest and best music house in the country and if you are not a customer of ours now, we want to make you one. We want your next order for anything in the music line and we know that if you will give us the opportunity we will make you a permanent customer. We guarantee it.

STONE'S MUSIC HOUSE

Everything Known in Music

Fargo, North Dakota

PLEA FOR PURE FOOD.

Dr. Wiley Favors Union of Housewives for That Purpose.

Washington, March 14.—An urgent plea for pure food in the household was made by Dr. Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture, in an address before the international congress on the welfare of the child, which is being held under the auspices of the National Mothers' congress.

Dr. Wiley emphasized the importance of the mothers of the country being eternally vigilant as to the source of food products that come into their homes to see that they are fresh, uncontaminated, palatable and wholesome. The effect of such action, on the part of the mothers, he said, would be most salutary.

Continuing, Dr. Wiley said that the best means of executing the pure food law is in the household. "If every mistress of a household in this country should demand pure foods," he declared, "there would be little difficulty in courts, and manufacturers would soon cease making things which the mothers of this country would refuse to buy for use in their families." Dr. Wiley called attention to the great importance of purity in such articles as butter, maple syrup, honey and particularly of all dairy supplies.

"Especially where there are children in the house," said he, "the purity of the milk cannot be sufficiently accentuated. The danger to health and actual threat of death in the case of infants that are fed impure milk is one of the greatest curses of the world."

Dr. Wiley advocated the formation of a union of the mistresses of households which, he said, by a singleness of purpose, unity of action and power of organization would secure a better conformity to the law than any vigilance on the part of the executors of the law would be able to accomplish.

MOTHER EXPRESSED DOUBT

Not Sure of Truth of Daughter's Charges Against Hitchcock.

New York, March 14.—Mrs. Mary von Hagen, mother of Ellen, the chief complaining witness against Raymond Hitchcock, was called to the stand during the actor's trial and admitted that she had expressed doubt of the truth of her daughter's charges.

Counsel for Hitchcock was able to place on record a letter in which the witness sought the aid of the defendant in securing the release of Ellen from the custody of the Gerry society where, Mrs. von Hagen wrote, the girl was being held as a witness against him. The letter continued:

"I have no wrong impression of the visit of you and Ellen to Great Neck. We have both lived there and we know it is all right."

Following the reading of the letter, Mrs. von Hagen, in reply to questions by the defense, said she knew Mrs. Hitchcock and had in substance told Mrs. Hitchcock she did not believe Mr. Hitchcock had mistreated Helen.

Elsie Voecks, who said that she would be fourteen years old next July, was a witness. Called by the prosecution, she corroborated the story of her visits to the actor's home at Great Neck, L. I., as told by Ellen von Hagen. Ellen, cross-examined by the defense, reaffirmed the substance of her direct testimony.

Convicted for Second Time.

St. Louis, March 14.—Edward Keleher has been found guilty for the second time of murder in the first degree for killing "St. Louis Tommy" Sullivan, a pugilist, three years ago. Two of the witnesses in the trial are serving sentences for perjury and a third is under indictment. At the first trial Keleher was given twenty-five years.

DR. REA

SPECIALIST

Ear, Nose, Throat, Lungs, Diseases of Men, Diseases of Women, Chronic Diseases.

Consultation in German, French and English

Next Regular Professional Visit to Brainerd at Ransford Hotel

Wednesday, April 1st

From 9 a. m. until 2 p. m.

Dr. Rea has had 15 years of actual experience in the treatment and cure of all curable medical and surgical diseases of the Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchial Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Appendicitis, Rheumatism, Neuralgia, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder Troubles, Prostatitis and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in Adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated, can be easily restored. Deformities, Club Feet, Curvature of Spine, Disease of the Brain, Paralysis, Heart Disease, Dropsy, Swelling of the Limbs, Open Sores, Pain in the Bones, Granular Enlargements, and all long standing diseases properly treated. Failing Memory, weak eyes, stunted development, impoverished blood, pimples, blood, and skin diseases, Eruptions, Hair Falling, Swelling Sore Throat, Ulcers, Weak back, burning Urine passing urine to often, etc., receive searching treatment as experienced in the line of modern medicine, and as adopted by America's most eminent specialists.

Cancers, Tumors, Goitre, Fistula, Piles, Varicose, Rupture and glands treated successfully with the hypodermic injection method. This is really one of the most scientific and surely effective plans of the 20th century. No incurable cases seen with a guarantee to cure. Consultation and examination to those interested. \$1.00.

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it. Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

M. K. Swartz, Druggist
Brainerd, Minn.
